

4th Grade **Chicago** **Field Trip** Information

Fourth grade is filled with many fun and educational events including a large field trip. Our most exciting field trip this year will be our 7th annual trip to **Chicago**! We leave early in the morning on June 2, and visit the Lincoln Park Zoo. We will then travel on to the Museum of Science and Industry where we will tour the museum. We return that evening. This trip will be exciting and educational for the students and makes a wonderful end of the year and end of elementary career culminating event.

We have attached some information regarding funding for this trip. The cost this year is \$85 per child (and includes: charter bus ride, tickets, snack, lunch, dinner, and a t-shirt). We do two fundraisers during the year to help reduce the cost of this trip. Fundraisers tentatively include Janie's Cookie Dough and World's Finest Chocolate Bars. You may choose to not participate in the fundraisers and pay the \$85 by September 25, or you may choose to participate in the fundraisers and pay the remaining cost by the end of March. We will keep track of your child's profits from the sales and give you more specific information with each sale.

We will send home more information and a request for chaperones (cost: \$90) in January.

If you have any questions please do not hesitate to call any one of us at school.

Sincerely,

Mary VandenBosch, Caryn Lannon, Mathew Keller, and Kevin Teays
